

Harmonized Tariff Schedule of the United States (2026)

January 1, 2026

Change Record

The modifications set forth in this change record reflect all of the updates made to the HTS since the last printed edition (2025 Basic Edition). Note that the Change Record does not include previously proclaimed reductions in staged rates of duty which take effect on January 1, 2026, endnotes or minor non-substantive adjustments to the format of any line. The noncumulative change records of each online revision (available in the archive) list chapters reposted for each revision. A column indicating the revision for each entry has been added to for ease of use.

Notes: For purposes of this record, the terms “added” and “deleted” refer to the insertion or removal of 8-digit (legal) tariff rate lines or legal notes; the terms “established” or “discontinued” refer to the insertion or removal of 10-digit (nonlegal) statistical reporting numbers or notes. The term “annotated” refers to the creation of new 10-digit provisions under a previously unsubdivided rate line; the term “restored” refers to the deletion of all annotations under an existing rate line. The term “modified” may be used with changes in any provision or note.
