

CHANGE RECORD—Basic Edition (2017)

This change record sets forth all changes to the HTSA which have become effective since January 1, 2016, *other than* previously proclaimed reductions in staged rates of duty which take effect on January 1, 2017, and nonsubstantive adjustments to the format of any page. It does not include the administrative removal of the “suspended” special rate indicator (see general note 3(c)(iv) to the tariff schedule) from various provisions of chapters 4, 12, 20, 24, and 61 which have been updated since January 1, 2017. Those chapters, together with the General Notes, Notice to Exporters, chapters 69, 82, 84, 85, 87, 90, and 99, have been reposted since January 1, and any substantive corrections made in these chapters are enumerated below; missing units of quantity in various chapters, including 29, 54, 55, 59, and 60, have now been inserted. See the Preface to the tariff schedule for additional information and citations for the Presidential Proclamations referenced herein.

Notes: for purposes of this record, the terms “added” and “deleted” refer to the insertion or removal of 8-digit (legal) tariff rate lines; the term “subdivided” denotes a legal provision that now has subordinate legal provisions, while the term “annotated” means that a tariff rate line now has statistical reporting numbers; the terms “established” or “discontinued” refer to the insertion or removal of 10-digit (nonlegal) statistical reporting numbers. This change record has been updated since the original posting of a draft change record on December 30, 2016.
