

Change Record (2019)

This change record sets forth all of the changes to the HTSA which have become effective on January 1, 2019, as well as all changes since the last printed edition of the HTS (the basic edition for 2018 with changes from online revisions 1 through 14 reflected). A significant number of dutiable subheadings and/or their statistical reporting numbers previously setting forth a unit of quantity of “X” have been modified effective on January 1, 2019, to specify a particular unit; these provisions are omitted from this change record, and users are urged to check the provision applicable to their goods. The table below also omits previously proclaimed reductions in staged rates of duty which take effect on January 1, 2019, and nonsubstantive adjustments to the format of any page. All tariff chapters are being reposted for this basic edition of 2019; the noncumulative change records of each online revision (available in the archive) list chapters reposted for each revision.

Notes: For purposes of this record, the terms “added” and “deleted” refer to the insertion or removal of 8-digit (legal) tariff rate lines or legal notes; the terms “established” or “discontinued” refer to the insertion or removal of 10-digit (nonlegal) statistical reporting numbers or notes. The term “annotated” refers to the creation of new 10-digit provisions under a previously unsubdivided rate line; the term “restored” refers to the deletion of all annotations under an existing rate line. The term “modified” may be used with changes in any provision or note.
