

CHANGE RECORD (Rev. 14)

The modifications set forth in this change record reflect updates made to the HTS after Revision 13, published June 12, 2020. Please note that the Change Record does not include endnotes or minor nonsubstantive adjustments to the format of any line. Nor does it show extensions of exclusions from the additional China tariffs, which are indicated by the Compiler’s Notes in U.S. note 20 subdivisions. Please refer to the presidential proclamation listed in the Preface for more information on the nearly 7,000 modifications to special rates throughout the tariff schedule due to the promulgation of the United States-Mexico-Canada Agreement (USMCA). These modifications, indicated by new USMCA special program indicator symbols “S” and “S+”, are not included in this change record. The new General Note 11, which details the entirety of the USMCA’s tariff changes, is listed in this Change Record. The following chapters have been reposted since the posting of Revision 13:

General notes and chapters 1 through 99.

Notes: For purposes of the HTS Change Record, the terms “added” and “deleted” refer to the insertion or removal of 8-digit (legal) tariff rate lines or legal notes; the terms “established” or “discontinued” refer to the insertion or removal of 10-digit (nonlegal) statistical reporting numbers or notes. The term “annotated” refers to the creation of new 10-digit provisions under a previously unsubdivided rate line; the term “restored” refers to the deletion of all annotations under an existing rate line. The term “modified” may be used with changes in any provision.
