Notes

1. This chapter does not cover inedible nuts or fruit.

2. Chilled fruit and nuts are to be classified in the same headings as the corresponding fresh fruit and nuts.

3. Dried fruit or dried nuts of this chapter may be partially rehydrated, or treated for the following purposes:
   
   (a) For additional preservation or stabilization (for example, by moderate heat treatment, sulfuring, the addition of sorbic acid or potassium sorbate),
   
   (b) To improve or maintain their appearance (for example, by the addition of vegetable oil or small quantities of glucose syrup),

   provided that they retain the character of dried fruits or dried nuts.

Additional U.S. Note

1. No allowance shall be made for dirt or other impurities in nuts of any kind, shelled or not shelled.

Statistical Note

1. For a list of approved standards for "Certified organic", see General Statistical Note 6.
