

# Harmonized Tariff Schedule of the United States (2022 Revision 6)

(Published July 1, 2022)

## Preface

In addition to the semiannual changes in statistical reporting numbers, this revision involves the reposting of many HTS chapters solely to reflect the removal of endnotes which referred to expired provisions, primarily in subchapters II (miscellaneous tariff bills) and III (actions relating to trade legislation) of chapter 99. All provisions of subchapter II have expired, so all references to headings beginning with “9902” have been deleted from endnotes in chapters 1-97. Expired provisions relating to China tariff exclusions and other measures of subchapter III have also been deleted. The changes in this revision reflect the following instruments and actions taken since the HTS Revision 5 was posted on June 3, 2022:

Changes approved by the Committee for Statistical Annotation of Tariff Schedules (formulated pursuant to section 484(f), Tariff Act of 1930, as amended), effective July 1, 2022.

Please consult the Change Record for a listing of individual changes in this revision. The Change Record files are **NOT cumulative** from one electronic revision to the next; it is advisable to retain all change records for the electronic revisions in this calendar year to ascertain the full extent of substantive changes to the HTS.
