[SUBCHAPTER XIV deleted]

Compiler's note: Prior to January 1, 2016, subchapter XIV set forth temporary provisions established pursuant to the U.S. Bahrain Free Trade Agreement (see general note 30 to the tariff schedule). Under the terms of U.S. note 1 to that subchapter, the entire subchapter was deleted at the close of December 31, 2015. However, Presidential Proclamation 9223 of December 23, 2014 (79 F.R. 78681) provided that the effective period of U.S. note 13 to that subchapter and the related heading, 9914.99.20, was extended through the close of July 31, 2016. Accordingly, those provisions are restated here with pertinent rate line in accordance with that proclamation; format is not identical to 2015 HTS.

13. The "Free" rate of duty for heading 9914.99.20 in the "Special" subcolumn of rates of duty column 1 followed by the symbol "(BH)" shall apply to imports from Bahrain, in an aggregate quantity for the period from August 1, 2006 through December 31, 2006, inclusive, not to exceed a total quantity of 27,083,333 million square meters equivalent (SME), and in an aggregate quantity for each calendar year from 2007 through 2015, inclusive, not to exceed a total quantity of 65 million SME, and in an aggregate quantity for the period from January 1, 2016, through July 31, 2016, inclusive, not to exceed a total quantity of 37,916,667 SME, of:

(a) cotton or man made fiber fabric goods provided for in chapters 52, 54, 55, 58, and 60 of the tariff schedule that are wholly formed in the territory of Bahrain from yarn produced or obtained outside the territory of Bahrain or the United States;

(b) cotton or man made fiber fabric goods provided for in subheadings 5801.21, 5801.22, 5801.23, 5801.27, 5801.26, 5801.31, 5801.32, 5801.33, 5801.37, 5801.36, 5802.11, 5802.19, 5802.20, 5802.30, 5803.10, 5803.90.30, 5804.10.10, 5804.21, 5804.29.10, 5804.30, 5805.00.30, 5805.00.40, 5806.10.10, 5806.10.24, 5806.10.28, 5806.20, 5806.31, 5806.32, 5807.10.05, 5807.10.20, 5807.90.05, 5807.90.20, 5808.10.40, 5808.10.70, 5808.90, 5809.00, 5810.10, 5810.91, 5810.92, 5811.00.20, 5811.00.30, 6001.10, 6001.21, 6001.22, 6001.91, 6001.92, 6002.40, 6002.90, 6003.20, 6003.30, 6003.40, 6004.10, 6004.90, 6005.21, 6005.22, 6005.23, 6005.24, 6005.31, 6005.32, 6005.33, 6005.34, 6005.41, 6005.42, 6005.43, 6005.44, 6006.21, 6006.22, 6006.23, 6006.24, 6006.31, 6006.32, 6006.33, 6006.34, 6006.41, 6006.42, 6006.43, 6006.44 that are wholly formed in the territory of Bahrain from yarn spun in the territory of Bahrain or the United States from fiber produced or obtained outside the territory of Bahrain or the United States;

As used in this note, the term "SME" means square meter equivalents, as calculated in accordance with the conversion factors set out in the Correlation: U.S. Textile and Apparel Category System with the Harmonized Tariff Schedule of the United States, 2003 (the Textile Correlation), published by the United States Department of Commerce, International Trade Administration, Office of Textiles and Apparel, Trade and Data Division, Washington, DC, or successor publication.

Unless otherwise provided, this note and heading 9914.99.20 are effective as to imports from Bahrain entered through the close of July 31, 2016. At the close of such date, this note and heading 9914.99.20 shall be deleted from the tariff schedule and shall cease to apply to any goods entered after that date.

SUBCHAPTER XV

MODIFICATIONS ESTABLISHED PURSUANT TO
THE DOMINICAN REPUBLIC-CENTRAL AMERICA-UNITED STATES FREE TRADE AGREEMENT

U.S. Notes

1. This subchapter contains temporary tariff provisions established pursuant to the Dominican Republic-Central America-United States Free Trade Agreement. Goods of a party to the Agreement as defined in general note 29(a) to the tariff schedule, and described in subheadings 9915.02.05 through 9915.21.20 of this subchapter for which a rate of duty followed by the symbol "P+" in parentheses is herein provided, are subject to duty at the rate set forth in this subchapter in lieu of the rate provided therefor in chapters 1 through 97. Unless expressly modified, the quantities set forth in U.S. notes 4 through 14 to this subchapter are specifically allocated to such country and year in the note and shall not be reallocated to any other country or year. Goods of a party to the Agreement that are entered into the United States under the provisions of subheadings 9915.02.05 through 9915.21.20 are not subject to any of the provisions, duties or limitations of subchapter IV of chapter 99 of the tariff schedule. Goods of a party to the Agreement as defined in general note 29(a) to the tariff schedule, and described in subheading 9915.50.01 (or in any subsequent subheadings of this subchapter which may hereafter be established), are subject to duty at the special rate of duty set fourth therein in lieu of the special rate of duty provided for in chapters 1 through 97 or subchapter II of chapter 98 of the tariff schedule, unless such goods are entered at the appropriate general duty rate provided for in chapters 1 through 97 of the tariff schedule. At the close of December 31, 2025, this subchapter shall be deleted from the tariff schedule and shall cease to apply to any goods entered after that date.

2. For purposes of this subchapter, the term "goods described in U.S. note 2 to this subchapter" means goods entered under subheadings 9915.02.05 through 9915.21.20, inclusive. Such goods must satisfy the requirements of general note 29(a) to the tariff schedule, except that operations performed in, or material obtained from, the United States shall be considered as if the operations were performed in, and the material was obtained from, a country that is not a party to the Agreement as defined in general note 29(a) to the tariff schedule. For purposes of determining which country-specific tariff-rate quota applies to such a good, the nonpreferential rules of origin used in the normal course of trade shall be applied.

3. Whenever goods are classifiable in a provision of chapters 1 through 97 of the tariff schedule (referred to herein as "basic provision") for which the applicable duty rate is set forth in a subheading in this subchapter, the reporting number for such goods, in the absence of specific instructions to the contrary, shall be the appropriate statistical reporting number for the basic provision (the appropriate provision for classification purposes in chapters 1 through 97) preceded by the subheading number from this subchapter. For statistical purposes, both the basic provision statistical reporting number and the applicable subheading number from this subchapter shall be collected by the United States Bureau of Census.

SUBCHAPTER XVII

MODIFICATIONS ESTABLISHED PURSUANT TO
THE UNITED STATES-PERU TRADE PROMOTION AGREEMENT

U.S. Notes

1. This subchapter contains modifications of the provisions of the tariff schedule established pursuant to the United States-Peru Trade Promotion Agreement. Goods of Peru, entered under the terms of general note 32 to the tariff schedule, and described in subheadings 9917.04.10 through 9917.04.69 of this subchapter for which a rate of duty followed by the symbol "(PE)" is herein provided, are subject to duty at the rate set forth in this subchapter in lieu of the rate provided therefore in chapters 1 through 97. For purposes of this subchapter, notwithstanding any other provisions of the tariff schedule, the term "goods of Peru, under the terms of general note 32 to the tariff schedule" means goods of Peru that satisfy the requirements of general note 32 to the tariff schedule, except that operations performed in, or material obtained from, the United States shall be considered as if the operations were performed in, and the material was obtained from, a country that is not a party to the Agreement as defined in general note 32 to the tariff schedule. Such goods of Peru entered into the United States under the provisions of subheadings 9917.04.10 through 9917.04.69 are not subject to any of the provisions, duties or limitations of subchapter IV of chapter 99 of the tariff schedule. Unless otherwise provided, U.S. notes 3 through 5 and subheadings 9917.04.10 through 9917.04.69 of this subchapter are effective as to such goods of Peru entered, under general note 32 to the tariff schedule, through the close of December 31, 2025 and shall be deleted from the tariff schedule at the close of such date.

2. Whenever goods are classifiable under a provision for which the modification of the applicable United States-Peru Trade Promotion Agreement rate of duty is provided for in a subheading in this subchapter, the reporting number, in the absence of specific instructions to the contrary, shall be the appropriate statistical reporting number for the basic provision (the appropriate provision for classification purposes in chapters 1 through 97) preceded by the subheading number of this subchapter. SUBCHAPTER XVIII

MODIFICATIONS ESTABLISHED PURSUANT TO
THE UNITED STATES-COLOMBIA TRADE PROMOTION AGREEMENT

U.S. Notes

1. This subchapter contains modifications of the provisions of the tariff schedule established pursuant to the United States-Colombia Trade Promotion Agreement. Goods of Colombia, entered under the terms of general note 34 to the tariff schedule, and described in subheadings 9918.02.01 through 9918.24.11 of this subchapter for which a rate of duty followed by the symbol "(CO)" is herein provided, are subject to duty at the rate set forth in this subchapter in lieu of the rate provided therefor in chapters 1 through 97. Originating goods of Colombia entered into the United States under the provisions of subheadings 9918.02.01 through 9918.24.11 are not subject to any of the provisions, duties or limitations of subchapter IV of chapter 99 of the tariff schedule. Unless otherwise provided U.S. notes 3 through 9 and subheadings 9918.02.01 through 9918.24.11 of this subchapter are effective as to such goods of Colombia entered, under general note 34 to the tariff schedule, through the close of December 31, 2026 and shall be deleted from the tariff schedule at the close of such date. For purposes of this subchapter, goods are "originating goods of Colombia" eligible for the benefits accorded to goods entered under the quantitative limitations set forth in U.S. notes 3 through 9 of this subchapter if they satisfy the requirements set forth in general note 34(o) to the tariff schedule, except that operations performed in, or material obtained from, the United States shall be considered as if the operations were performed in, and the material was obtained from, a country that is not a party to the agreement identified in the first sentence to this note.

2. Whenever goods are classifiable under a provision for which the modification of the applicable United States-Colombia Trade Promotion Agreement rate of duty is provided for in a subheading in this subchapter, the reporting number, in the absence of specific instructions to the contrary, shall be the appropriate statistical reporting number for the basic provision (the appropriate provision for classification purposes in chapters 1 through 97) preceded by the subheading number of this subchapter. For statistical purposes, both the basic provision statistical reporting number and the applicable subheading number from this subchapter shall be collected by the United States Bureau of Census.

THE UNITED STATES-PANAMA TRADE PROMOTION AGREEMENT

U.S. Notes

1. This subchapter contains modifications to the tariff schedule established pursuant to the United States-Panama Trade Promotion Agreement. Goods of Panama, entered under the terms of general note 35 to the tariff schedule and described in subheadings 9919.04.10 through 9919.61.12 of this subchapter for which a rate of duty followed by the symbol "(PA)" is herein provided, are subject to duty at the rate set forth in this subchapter in lieu of the rate provided therefore in chapters 1 through 97. Such goods of Panama entered into the United States under the provisions of subheadings 9919.04.10 through 9919.61.12 are not subject to any of the provisions, duties or limitations of subchapter IV of chapter 99 of the tariff schedule.

SUBCHAPTER XX

MODIFICATIONS ESTABLISHED PURSUANT TO
THE UNITED STATES-KOREA TRADE PROMOTION AGREEMENT

U.S. Notes

1. This subchapter contains modifications of the provisions of the tariff schedule established pursuant to the United States-Korea Free Trade Agreement. Goods of Korea, under the terms of general note 33 to the tariff schedule, entered and described in any of subheadings 9920.04.10 through 9920.85.02 of this subchapter for which a rate of duty followed by the symbol "(KR)" is herein provided, are subject to duty at the rate set forth in this subchapter in lieu of the rate provided in chapters 1 through 97. For purposes of this subchapter, notwithstanding any other provisions of the tariff schedule, the term "goods of Korea, under the terms of general note 33 to the tariff schedule" means goods of Korea that satisfy the requirements of general note 33 to the tariff schedule, except that operations performed in, or material obtained from, the United States shall be considered as if the operations were performed in, and the material was obtained from, a country that is not a party to the Agreement as defined in general note 33 to the tariff schedule. Such goods of Korea entered into the United States under the provisions of subheadings 9920.04.10 through 9920.85.02 are not subject to any of the provisions, duties or limitations of subchapter IV of chapter 99 of the tariff schedule. Unless otherwise provided, the provisions of this subchapter are effective as to such goods of Korea, under general note 33 to the tariff schedule, entered through the close of December 31, 2026 and shall be deleted from the tariff schedule at the close of such date.

2. Whenever goods are classifiable under a provision for which the modification of the applicable United States-Korea Free Trade Agreement rate of duty is provided for in a subheading in this subchapter, the reporting number, in the absence of specific instructions to the contrary, shall be the appropriate statistical reporting number for the basic provision (the appropriate provision for classification purposes in chapters 1 through 97) preceded by the subheading number of this subchapter. For statistical purposes, both the basic provision statistical reporting number and the applicable subheading number from this subchapter shall be collected by the United States Bureau of Census.

3. The aggregate quantity of originating goods of Korea entered under subheading 9920.04.10 in any calendar year shall not exceed the quantity specified below for that year.

Year	Quantity (Metric tons)	Year	Quantity (Metric Tons)
3/15/2012-12/31/2012	300	2017	348

2014	318	2019	369
2015	328	2020	380

Beginning in calendar year 2021, quantitative limitations shall cease to apply to such originating goods of Korea. Unless earlier modified or terminated, this note and subheadings 9920.04.10 through 9920.04.30 shall be deleted from the tariff schedule at the close of December 31, 2021.

ANNEX A

Schedule C - Classification of Country and Territory Designations for U.S. Foreign Trade Statistics

Schedule C contains the country and territory designations for use in compiling the U.S. export and import statistics. These designations should be shown in all cases where statistical information is required. The first part of this schedule contains the country designations arranged in numeric order by continent and listed in sequence within each continent generally from north to south and west to east. Abbreviated country designations, which are used in lieu of complete country names in some foreign trade reports, are also shown. The second part contains a listing in alphabetical arrangement of the countries, territories, etc., with their numeric codes. The names of the entities listed are generally the conventional spellings as approved by the U.S. Board on Geographic Names.

Revisions to Schedule C will be announced in the form of "special notices" to data users, as Public Bulletins to Schedule B, Statistical Classification of Domestic and Foreign Commodities Exported from the United States, and as supplements to the Harmonized Tariff Schedule of the United States Annotated for statistical purposes (HTS). HTS also includes a list of International Standard (ISO) Country Codes to be used by importers to report country of origin.

Schedule D - Classification of U.S. Customs Districts and Ports for U.S. Foreign Trade Statistics

Please see the U.S. Customs and Border Protection's website for the most current listing of Code Numbers, Customs Districts and Ports. (See https://www.cbp.gov.)

Schedule D provides a list of U.S. Customs districts, the ports included under each district, and the corresponding numeric codes used in compiling the U.S. foreign trade statistics. The Schedule contains a code for each official U.S. Customs district and port, with some additional codes provided to meet specific compiling requirements of the foreign trade statistics program. The headquarters port for each district is underlined. Some Customs ports show two codes. Exporters and importers may report either code. The first part of this schedule contains the Customs districts and ports arranged in numeric order by code, while the second part lists the ports in alphabetic order.

Revisions to Schedule D will be announced in the form of "special notices" to data users, as Public Bulletins to Schedule B, Statistical Classification of Domestic and Foreign Commodities Exported from the United States, and as supplements to the Harmonized Tariff Schedule of the United States Annotated for Statistical Purposes.
